

Grade 3

Hello, hello, hello!

Check out what we learn this year in grade 3 and feel free to practice as much as you can!

Grade 3 is the beginning of cycle 2. We start to evaluate you differently. We evaluate your oral competency, your understanding of text AND your writing skills. We will learn to write sentences and how to structure them properly. We will also discover a ton of new vocabulary.

I will try to post as many vocabulary and verb lists on this page so you can practice at home.
