

Exercices sur le magnétisme et l'électromagnétisme pages 23-28

1. De façon parallèle aux lignes de champ magnétique.

2.

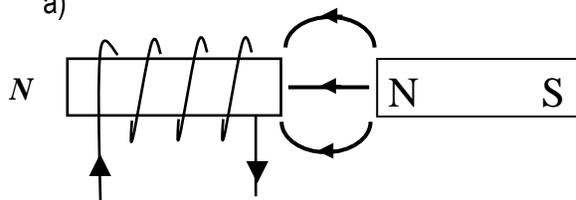

3.

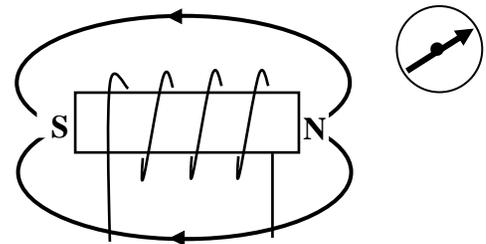

4. b    5. c    6. c

7. a)

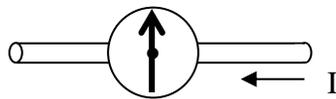

b)

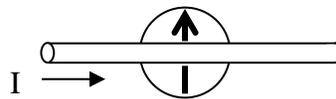

8.

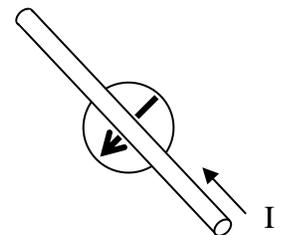

a)

b)

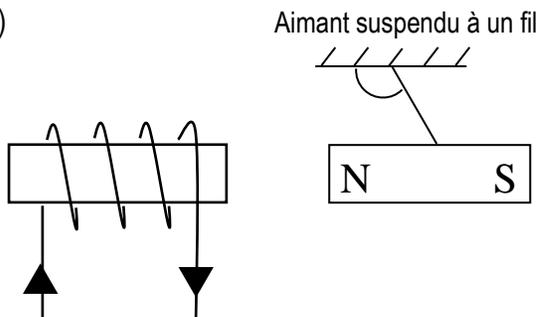

c)

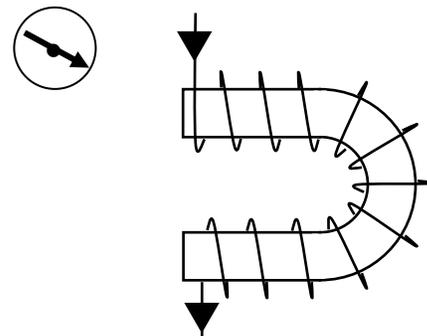

9.

a)

b)

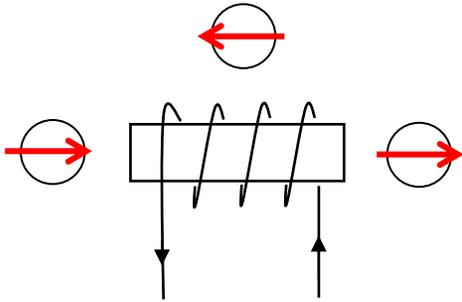

10. b

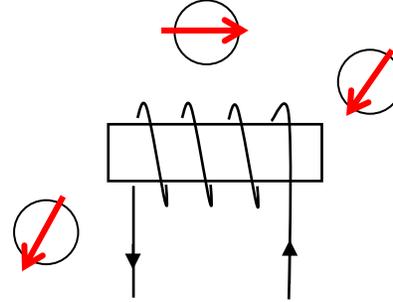

11. a) premier    b) égal    c) premier    d) deuxième

12.

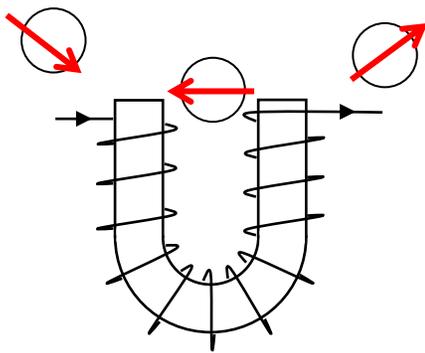

a)

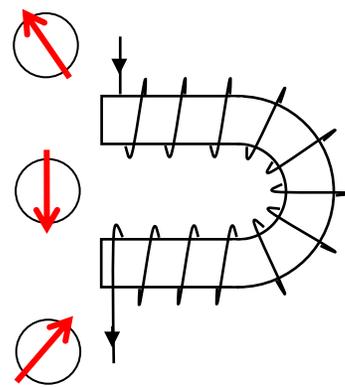

b)

c)

d)

13. c

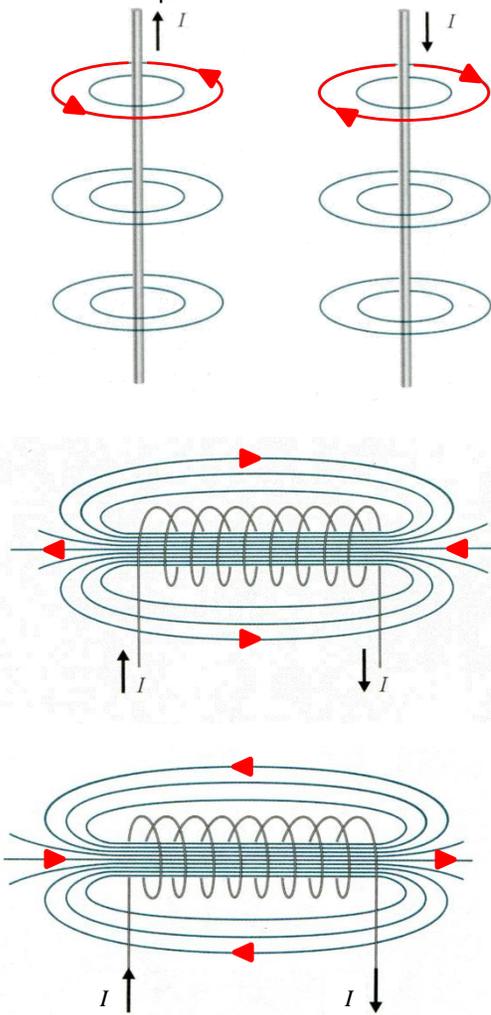

14. b

15. 2

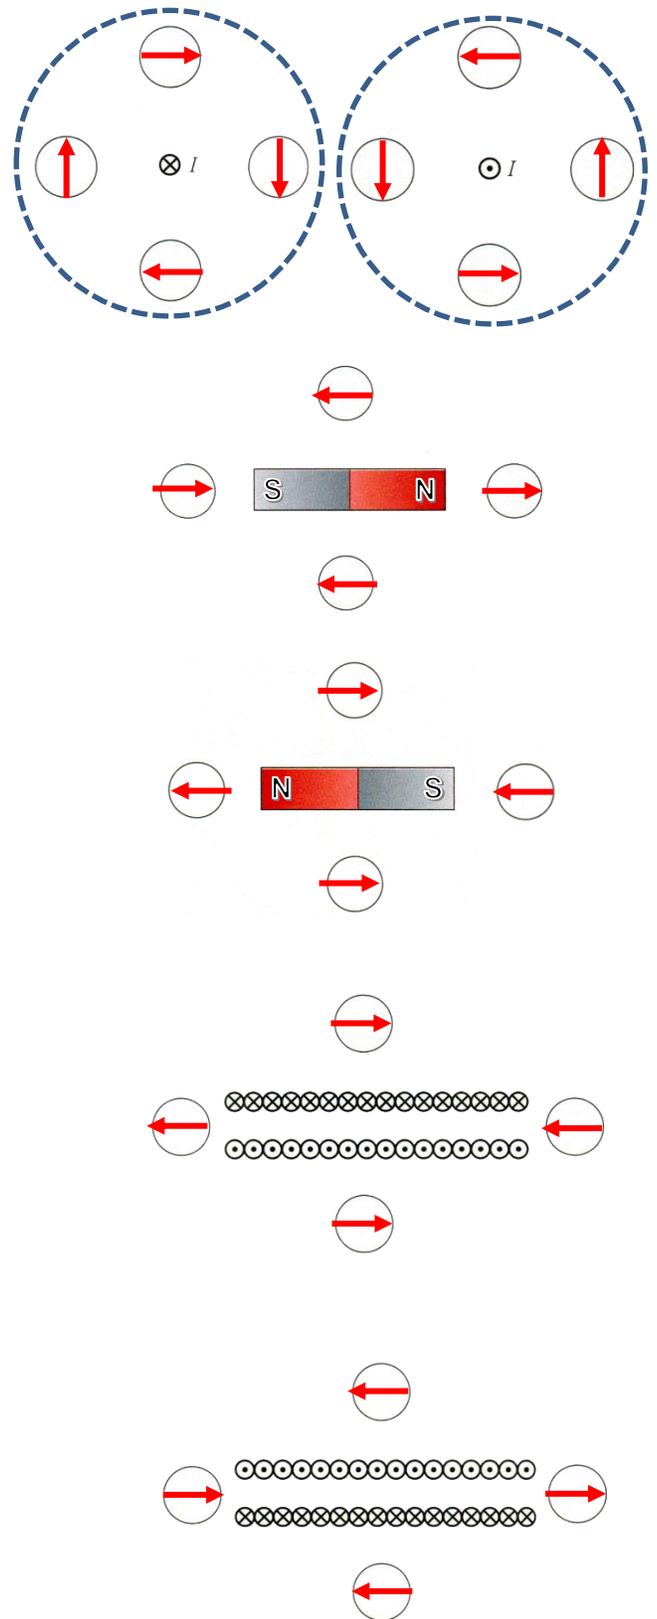

16. A

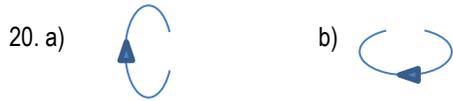

17. Le pôle sud à gauche et le nord à droite.

18. Même sens pour les trois niveaux

19.

21. b car plus de lignes

22. a) vers la droite    b) vers le haut    c) vers le haut    d) négatif à gauche, positif à droite

23. a) nord à droite    b) nord à droite    c) nord à gauche    d) nord à droite    e) nord à gauche    f) nord à droite

24.
